

FAIRBANKS®

SERIES II BENCH SCALES

The new, lightweight Series II Bench Scale from Fairbanks, is a high-accuracy, portable scale suited for both commercial and non-commercial applications. With selectable platform sizes and varied capacities, the Series II can fulfill many weighing requirements.

FEATURES

- Capacities from 60 to 600 lbs
- 13" x 17" or 15" x 20" platforms
- Pounds/kilograms selectable
- Piece counting
- Built-in overload stops
- Large 1", 6-digit, backlit, LCD display
- Stainless steel platform
- Rugged cast construction adds strength
- Scale instrument is adjustable for optimum viewing
- NTEP approved; MC approved (except 150 lb model)
- Rechargeable battery

EASY PORTABILITY

The Series II Bench Scale's pillar lowers and wraps around the base, creating an easy-to-carry, low-profile (5") package. The tubular design makes the overall weight less than 30 pounds, which is extremely desirable if the scale is to be moved between locations inside a plant or warehouse.

APPLICATIONS

Fairbanks Series II Bench Scales are designed and engineered with a variety of weighing applications in mind, including:

- Inventory
- Manual batching
- Material handling
- General food manufacturing
- Portion weighing
- Parts counting
- Product manufacturing
- Shipping & Receiving
- General purpose

SPECIFICATIONS

Sizes and capacities

- 13" x 17" 60 to 300 lbs.
- 15" x 20" 200 to 600 lbs

Resolution 3,000d commercial;
Selectable non-commercial

Indicator Tilt adjust, full digital calibration,
counting and auto zero

Indicator pillar Lowers around platform for easy portability

Indicator rating IP 54

Units Pounds, kilograms

Power requirements 110-120 VAC, with 9V/500 mA AC Adapter

Battery Lead-acid with built-in charger

Creep 0.05% (30 min.)

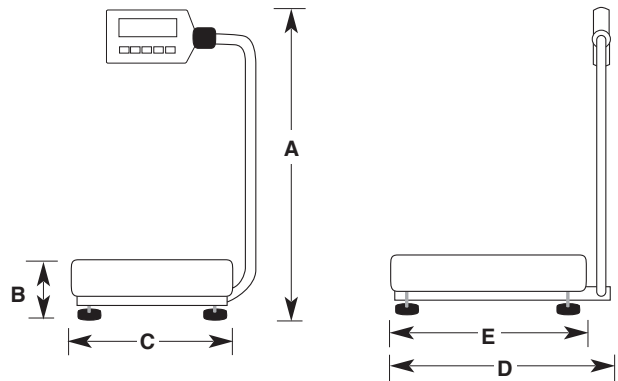

Overload Safe = 150%; Ultimate = 300%

Platform Construction 304 stainless steel

Base Construction Welded tubular, cast aluminum design

Approvals NTEP CC# 05-009;
MC# AM-5618 (excludes 150 lb model)
